**Carole Forster Conatser / Class of 1960**  
**Ron Dieckmann / Class of 1969**  
(Read more about them inside)

Please use the attached reservation form or print one from the website [www.westernhillsalumni.com](http://www.westernhillsalumni.com)

**Thank You** to all those who have already given their generous support to help fund the improvements for our **Stadium Project**.

Did you know??  
In 1955 West High changed it's Mascot from "Maroons" to "Mustangs"

During the 1960's a live Mustang and rider, named Ken Doan, galloped along the football field sidelines. This was an added attraction for all home football games.

The Alumni Foundation is always interested in old photos or memorabilia that you may have stored away. What a great way to preserve our history and show the younger generations our school spirit during our high school days!

If you have any items you would like to donate, or photos you would allow us to copy, please contact the school office at 513-363-8900.

You may have seen the above ink drawing on Western Hills letterhead and envelopes over the years. It was drawn by **Beth Lucas Muench** who graduated in 1983. She was asked by her art teacher to make this drawing of the school and asked if it could be used for the cover of the 1984 yearbook. It was indeed used but unfortunately, after all of her hard work, she was never given credit in the book.

The Alumni would like to thank Beth for the use of her drawing over the years and we are happy to learn the history of it. It is a fine representation of the school and she should be proud of her work!

## Alumni Coordinator's Report

Hello West High Alumni and Friends,

I am the Treasurer and Coordinator for the WHHS Alumni Foundation. This is my 11th year on the Foundation Board. This has been an exciting year for West High and the Alumni as the expansion of the stadium added on an additional 500 seats to the sports field! We were able to add new restroom facilities and a brand new concession stand along the Glenway Ave. side of the field. This was all possible through donations from alumni! Our next phase of the plan is to build locker room facilities for both home and away teams that are easily accessible from the field as well.

This year we have a change of date for the  
**Alumni Dinner and Show**  
**Saturday May 13th, 2017**

Another one of my tasks involves updating and maintaining the Alumni database with current names and addresses. I need your help to ensure that everyone receives information about their reunions, the yearly newsletter and Alumni Night.

To update your information and/or inform me of any upcoming class reunions, which can then be posted on the website, go to

**[www.westernhillsalumni.com](http://www.westernhillsalumni.com)**  
**send an e-mail to [alumniwhhs@fuse.net](mailto:alumniwhhs@fuse.net)**

Also, if you need help planning your next class reunion, please contact me for ideas and tips to help make the process a little easier.

We always appreciate all of your support!!

Thank you, **Gina Frimming Schmidt, Class of 1989**

Roberta Baker, Class of '32, did this original drawing of the school seal, which remains constant to this day

**Interesting Fact....**March 19, 1926 was the groundbreaking for the building of West High.  
Architects Garber & Woodward designed the school in Italian Renaissance style.  
It would end up costing over \$1,000,000 once it was completed.

## The 2017 Maroon Award Recipients to be Honored

### Carole Forster Conatser / Class of 1960

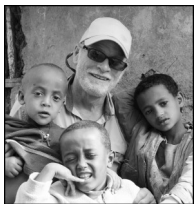

Carole Forster Conatser says that being active in extra-curricular activities was important and gave her a sense of team work and being an integral part of something that made a difference in her West Hi experience. Carole was involved with Student Council, was the Publicity Chairman, Annual Staff member, Art Editor, Breeze Staff member, Feature Co-Editor, Quill and Scroll member, GAA-Officer, 5 year Letter Girl-Advanced Basketball, Pep Club, Pidel Historian, Treasurer, Band and 4 years performing in Bandwagon as an accordion player. Starting at age 15, she taught piano at a private music studio. She credits her Grandmother for her love of music and later studied Voice privately as an adult, becoming a soloist for her church and other special events in her community. She attended the University of Cincinnati's DAA (now DAAP) and earned both a BS in Art Education and a Fine Arts degree. After graduation from UC, she implemented an art program at the North Dearborn H.S. in Indiana where she taught high school classes as well as teaching art at the middle school. Marilyn Goodfellow, her art teacher at West Hi was a wonderful mentor and Carole gives her full credit for inspiring her to want to become an art teacher. Her other studies include jewelry making, painting, needlework, photography and ceramics.

In the fall of 2014, Carole had the idea of starting a community garden. Since her church is located in an urban area of Youngstown, Ohio with several empty lots across the street, it seemed reasonable to organize an outreach program to help the community of residents in need of healthy, fresh produce. After writing grant proposals and obtaining two grants, they were set to do just that. Carole became a 4-H leader working with these children who come from many family challenges and situations. The empty lots were turned into the community garden and it thrived with the help of the area residents and their children. They were able to offer free, amazing produce every Saturday to the residents. To meet and get to know them, to hear their stories, to involve them in the garden, even trading recipes, has been an incredible experience for Carole and the other church members. They have also held yoga classes, aerobic dancing, and games that called for physical activity. The Youngstown police are now involved in coming to the garden and church for an exercise program every week with them. It is a wonderful way to have the families interact with those who help to keep them safe and establish a positive relationship. Carole has been married to Ken, a 1958 graduate for 53 years and they live in Youngstown, Ohio. They have one son named Dean who is a retired Marine. His wife DeDe and their four children live in Loveland, Ohio where he is an analyst for the Kroger Company. Carole was nominated by her good friend Bonnie Brueggemann Stone, class of 1960.

### Ron Dieckmann / Class of 1969

Dr. Ron Dieckmann was involved in many activities during high school. He was student council president, Maroon W President, tri-captain of the football team and news editor of the Breeze. During his Senior year he received the "That's My Boy" Award from the Southwestern Ohio Coaches Association, an honor presented yearly to the outstanding academic athlete in the region. He joined Chi Omega Sigma (COS) fraternity, along with most of his classmates even though it was not yet approved. He says that he formed some lifelong friendships through the fraternity so it was well worth the pushback they received from administration. Ron's brother Art Dieckmann, who nominated Ron for the this award, graduated in 1967 and his sister, Debbie Dieckmann Brater was class of 1972.

After graduation, Ron attended Harvard University in Cambridge, MA on a full scholarship and at graduation was awarded a key to Phi Beta Kappa, the nation's most prestigious honor society. In 1972, Ron won a fellowship to Harvard's Kennedy School of Government to study in London, where he first fell in love with International travel. He received his medical degree (MD) from Stanford Medical School in California. After finishing his residency in San Francisco he completed a master's degree in public health (MPH) at Berkeley and became board certified in three physician specialties: pediatrics, emergency medicine and pediatric emergency medicine. In 1984 Ron joined the faculty at University of California, San Francisco Medical School and served as a Professor of Emergency Medicine and Pediatrics for 25 years. He has edited five first edition textbooks on pediatric emergency medicine, published hundreds of articles, lectured frequently and received multiple teaching and leadership awards. While at San Francisco General, Ron was responsible for the emergency care of several US Presidents and also assigned to provide emergency care to our Pope. In 2005, Ron helped to co-found a medical software company and created a first of its kind interactive, multimedia software program called PEMSof which is a web-based and mobile application for doctors. It has become the most popular pediatric electronic decision-support database worldwide. Ron now serves as the Chief Medical Officer for PEMSof.

In 2006 Ron founded a California nonprofit global health organization called KidsCareEverywhere, which he considers his favorite lifetime accomplishment. The organization donates software technology to doctors to help support pediatric care in impoverished countries. His travels with the organization has taken him to many remote locations in 19 low income countries in South America, Asia and Africa. He provides the software trainings which have helped support thousands of physicians caring for millions of children. Ron lives in northern California with his wife Patty Gates, a labor attorney. He met Patty as a high school student, and they are celebrating their 43<sup>rd</sup> wedding anniversary this June! Ron says Patty smoothed his rough edges and taught him the power of love. He has three daughters: Lauren a California public health administrator, Marlowe a senior medical school student, and Hayley a veterinary school student. He also has a son-in-law David Gordon, a Sacramento water engineer, a daughter-in-law Dr. Allison Maffei, a physical therapist, and two amazing grand daughters: Audriana and Ava Gordon.
